### ENGLISH

We will continue to focus on adverbs in class and work on incorporating them into our written work. The adverb test is Tuesday. In addition to our study of adverbs, we will work on story sequencing to help us better improve our writing and prepare us for future projects.

### MATH 1

We will be working with least common multiple, reducing fractions, & fractions with mixed numbers.

### MATH 2

We will be wrapping up the chapter this week with a look at the customary system, checkpoint quiz 2, and changing units in the customary system. Test will be Tuesday of next week.

### Math 3

We will finish dividing decimals & review order of operations. Quiz on Wednesday & then we will begin working with patterns & variables in chapter 2.

### READING

This week will wrap up the novels

we read with the projects being presented. Reading 1 has a Waffle Food Day on Tuesday. I asked that they spoke with you before committing to bring anything. If your child hasn't talked to you and is able to provide something please let me know. The Set 13 Vocab Quiz will be Monday, and we will be back in the textbook at the end of the week.

### RELIGION

The students will continue working on the Archdiocese Assessment with their groups. They have really come up with some creative games so far! The kids were all given a copy of the guidelines, but they are on my web page if they need to review them. The prayer recite this week is the Apostles Creed.

### SCIENCE

Weathering and erosion will be the focus of our study in class. We will also be focusing on making inferences or predictions based on material that we read. The Ch. 1 test is scheduled for

February 3.

**SOCIAL STUDIES**

We will continue completing our chart on notable explorers & begin reviewing for a chapter test at the beginning of next week.
