Welcome Back!

We are so glad we

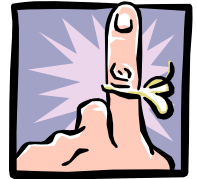

get to share this school year with you! We have so many exciting plans for the year. Every week we will provide you with a quick synopsis of the week. Our website should be a great resource for you. We are continuously updating and putting new information on it. Our assignments are posted online, but this is meant as a double check. We expect that each student will write down their assignments word-for-word daily in their agendas.

Study 5—10!

All year you will hear us sing praises for studying 5—10 minutes. This is great preparation for the future. We don't believe your best learning takes place when you try to cram the night before. We also stress the need for making study aids such as flashcards. Our goal is

to prepare your child to be their best. We are all a team working together.

Don't forget that Tuesday, August 25 is our curriculum night. We are looking forward to meeting everyone and sharing our plans for the year with you.

Our newsletter will be sent to you every Sunday evening. We will use ed-line once again to send your child's weekly progress. We are fully departmentalized in fifth grade. If you have any questions about a particular subject, please direct that towards the appropriate teacher for a quicker response:

Boever—English & Science

DeWald—Math & Social Studies

Johnson—Reading & Religion
