## ENGLISH

This week, we will continue to work on adjectives in English and work our way through Adjective Avenue. In class cooperative groups will create striking billboards and advertisements to attract customers to their stores. As we work on this part of speech, it is important that we study daily 5-10 minutes.

## MATH 1 & 3:

We will start working with division this week. We will continue to work on our multiplication facts which will help us master division.

## Math 2

We will work with equivalent fractions, mixed numbers, improper fractions, least common multiple, & comparing and ordering fractions. We will have a checkpoint quiz on Monday of next week. The kiddos should be reviewing the chapter vocabulary nightly to ensure mastery.

## Reading

We will wrap up Unit 2 this week by reviewing the concepts of making predictions, fact vs. non-fact, form generalizations, and main ideas. We will take the Unit 2 Assessment on Friday using Quia.com.

## RELIGION

Monday is the 3rd N.T. Books Quiz. Remind the kids to practice the actions as a helpful reminder and to practice writing them all since points are deducted for spelling. We have been practicing our saint presentations and the kids should be ready for the school Saint

Wax Museum on Tuesday, November 3rd. The rest of the week will be spent presenting to the class for their project grade.

## SCIENCE

We are wrapping up our study on inheritance, with our chapter test scheduled for Thursday. In addition to learning about inheritance, 4H will be visiting this week and will spend an exciting afternoon focusing on BUGS!

## SOCIAL STUDIES

We will continue to work on Chapter 2. We will complete a venn diagram comparing the Olmec's and the Mayans. We will also look at the Eastern Woodlands Indians and take notes on them. We will have a vocabulary quiz on Friday.
